

LITHOS DIGITAL

Pioneering Digital Marketing
Across the Globe

WHO WE ARE

In an ever-evolving digital world, Lithos Digital stands as a global leader, with headquarters in Athens, Greece, and offices in Seville and London. We don't just offer services, we partner with businesses worldwide, from startups to international brands. With deep expertise in travel, we help companies thrive in every niche. Our motto? "If it's digital, we got it."

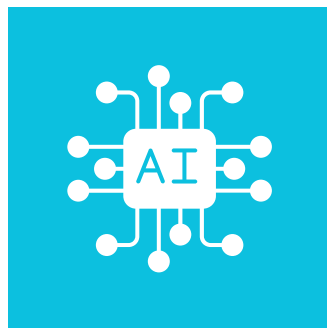

OUR CORE EXPERTISE

SEO Mastery

We don't just compete in SEO—we dominate it. With global recognition as the Best Global SEO Company 2023 at the Greater London & Enterprise Awards, we elevate brands to the top of search rankings. In Greece, we have no rivals.

AI - Powered Innovation

In a world where attention is currency, our unique AI-driven designs help businesses capture and hold that attention. Our proprietary AI analytics platform ensures accurate conversions and better performance, constantly pushing the boundaries of what's possible.

WordPress Development

If Google loves it, so do we. We specialise exclusively in WordPress, blending seamless design with powerful functionality. Our award-winning websites convert visitors into loyal customers.

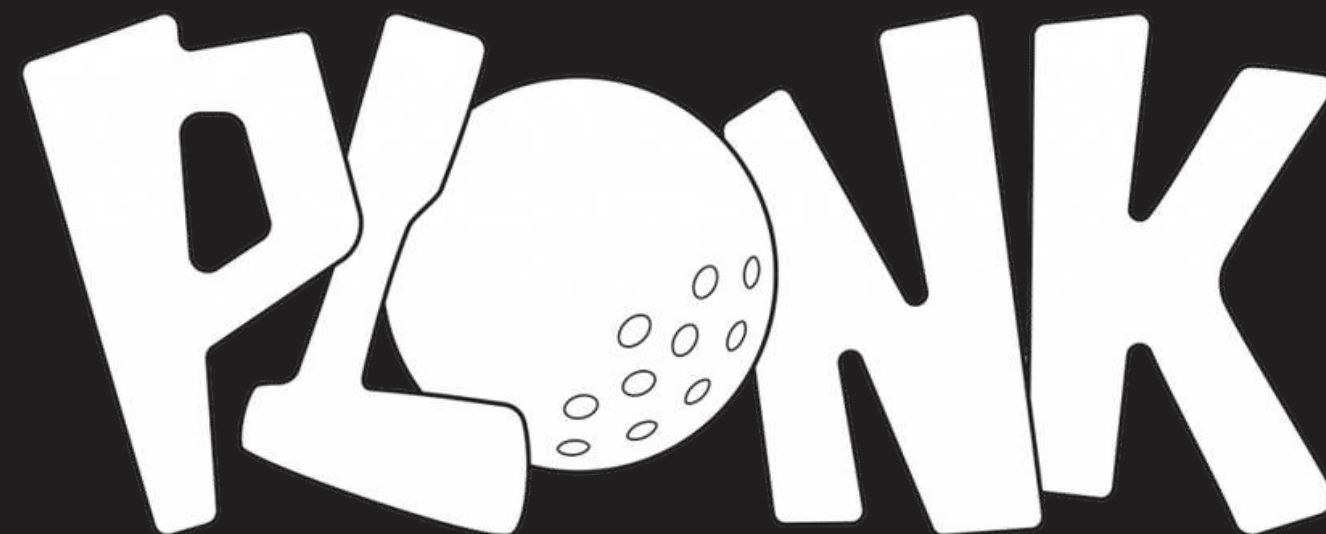

Performance Marketing

We use advanced AI-driven data tracking and optimisation to deliver exceptional results across Google, Meta (Facebook and Instagram), and other platforms. By combining data insights with targeted strategies, we maximise ROI, ensuring that every campaign is efficient and impactful.

OUR GLOBAL IMPACT

We've worked with companies from all corners of the globe, focusing on results that matter. From small companies seeking a foothold in the digital world to large enterprises looking to scale, we bring personalised strategies and world-class execution.

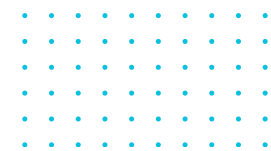

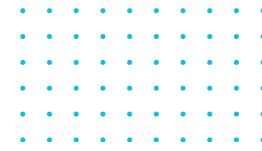

CASE STUDY

Plonk golf, London

A game-changer in the crowded London entertainment industry, Plonk Golf needed to rise above the noise. We crafted a tailored SEO strategy that saw them soar to the top of search rankings, leading to a 300% increase in traffic and conversions.
